Data management plan (DMP)

DMP Draft - when submitting your doctoral dissertation

Name of the doctoral student:

Doctoral programme and scientific field:

Proposed title of the doctoral dissertation:

Type of data and methods used for data collection or production

1. What data will be collected or produced?

2. How will new data be collected or produced and/or how will existing data be re-used for the purposes of your doctoral thesis?

3. Will you be dealing with sensitive data? If yes, how will you ensure compliance with ethical requirements when producing and/or creating data?

How data will be stored and protected during research for a doctoral thesis

1. How will data be stored?

2. If you will be dealing with sensitive data, how will you keep it safe and secure? (Move to the next question if not applicable)

Long-term data availability and storage

1. In which data repository will you store the data for the long term after the completion of the research work and make it accessible in accordance with the requirement of Article 50 of the Regulations on Doctoral Studies of the UL?

2. Do you plan to restrict access to the data for a certain period? If yes, please explain the reasons for this (e.g. for intellectual property or patent protection, or other reasons).
